Notes on your year-end review statement

Promotion

This promotion is subject to you meeting any and all necessary regulatory approvals for your new role, including but not limited to meeting all requirements for fit and proper certification. In the event that you do not meet such approvals or certification requirements, this offer of promotion will be withdrawn.

For the avoidance of doubt, any allowance changes due to promotion are already included in your other cash allowances amount as set out in your 2025 year-end review compensation statement.

Please refer to your local employee policy documents on [OneSC](#).

By accepting the revised compensation applicable to your new role, you agree to the changes in the terms and conditions of your employment as set out in this statement, effective from the date of promotion.

Variable Compensation

The cash element of your variable compensation will be paid to you with the normal salary payroll in March, less any applicable statutory deductions, elected sacrifices, or hypothetical tax (and less any incentives which have already been paid to you).

Payment of any variable compensation is subject to you being employed by the Group and not having given or received notice of termination of employment on or before the payment date.

Any variable compensation target is for indicative purposes only and may be amended or removed at the discretion of the Group. For the avoidance of doubt, the Group retains absolute discretion as to the amount of variable compensation awarded and reserves the right to make no award. An award in one performance year is not an indication of what you may receive in any other year.

By receiving any variable compensation award, you acknowledge and agree to the following terms:

- You acknowledge and agree that all awards are subject to the Variable Compensation [Policy](#) and [Standard](#).
- Pursuant to the Variable Compensation Policy and Standard the Group reserves the right to apply a deduction or adjustment to variable compensation awards (including upfront and deferred awards, and long-term incentives) and/or in certain circumstances has the right to recover monies as a result of such adjustment through compensation including fixed

compensation, vested variable compensation and termination payments.

- Except as otherwise expressly provided in the Variable Compensation Policy, Standard and any applicable plan rules, variable compensation awards, including pro-rata awards, shall be subject to the following additional conditions: (i) the Employee is employed by the Bank at the time the award is paid or vests; and (ii) neither party has given notice to terminate the Employee's employment at the time the award would have been paid or vested.

Fixed Pay

Payment of any adjustment to salary or allowance is subject to you being employed by the Group and not having given or received notice of termination of employment on or before the effective date.

Please note that the compensation structure is being re-evaluated in view of the new Labour Codes and the Bank's strategic considerations. Hence, the compensation structure is subject to revision. However, the changes will not reduce the total compensation amount specified in this statement. Your individual compensation break-up will be available to view on the Employee Portal. You will be notified of any changes to the compensation structure in due course.
